

**On November 11, 2021, voters in the City of Detroit passed “Proposal E”, which decriminalizes adult possession and use of entheogenic plants and fungi. The full text of the proposal and the results are below.**

*Shall the voters of the City of Detroit adopt an ordinance to the 2019 Detroit City Code that would decriminalize to the fullest extent permitted under Michigan law the personal possession and therapeutic use of Entheogenic Plants by adults and make the personal possession and therapeutic use of Entheogenic Plants by adults the city's lowest law-enforcement priority?*

**YES - 61%**

**NO - 39%**
